

Quality Management and Engineering Professional

Noratel is a global manufacturer of power magnetics. Our vision is to become the leading strategic partner of high-class solutions for electrical transformation worldwide by delivering outstanding quality, service, competitiveness, and innovation that will help our customers succeeding in their markets.

We are looking for an experienced Quality Management and Engineering Professional to join our dynamic and ambitious Noratel Germany team in our Grafenau office.

Overall Responsibilities:

You are the first address for our business partners in case of non-conformities. In this role you coordinate all activities around the trouble shooting process.

Responsibilities:

- Handling of complaints (from customers as well as from suppliers)
- Carrying out audits (internal, external)
- Maintaining and further developing the QM system
- Monitoring of processes in the company
- Handling of certification and surveillance audits
- Evaluate and monitor RoHS, Reach and conflict minerals
- Train employees in Q methods
- Report QM system performance to management
- Support management in management evaluation
- Create and maintain technical documentations
- Coordination of certifications

Qualifications:

- Completed electrical engineering training
- Several years of professional experience in a comparable position
- Experience with an ISO 9001 and ISO 14001 based quality management system
- Knowledge of common Q tools such as Ishikawa, Pareto, etc.
- Training as an auditor
- Basics in DIN EN ISO 13485 desirable
- Professional proficiency in German and English language

Characteristics:

- Initiative and diligence in the execution of tasks
- Quick comprehension
- Willingness for further training
- Willingness to travel
- Ability to work in a team

Noratel can offer you:

- Extensive familiarization with the entire range of responsibilities
- Competitive salary
- Attractive social benefits
- Cooperation in a young and dynamic team

Working at Noratel Germany:

Noratel Germany AG is a company with ~ 25 employees located in Grafenau, Germany. We also have a sales and engineering office in Bremen. Noratel Germany is proud to design and manufacture the most comprehensive range of transformers, reactors and power supplies. We also serve group companies and customers in industries such as renewable energy, Ship & offshore, medical technology, industrial automation, motor drives, rail and eMobility. Noratel Germany is dedicated to creating an inclusive working environment that encompasses diversity and equal opportunities. In addition to competitive terms, you will have the chance to develop your personal profile and career in an international environment. Our success will encompass the well-being of our existing and future employees and minimization of our carbon footprint.

About Noratel Group:

Noratel was established in 1925 and is servicing industry worldwide, evolving to meet the ever-changing demands of our customers. Today we are a leading global provider, proud to offer the most comprehensive range of transformers, reactors and power supplies. Besides a comprehensive standard range product portfolio, the majority of Noratel production is dedicated to custom design and manufacturing to meet the requirements of OEM customers. Noratel employs 2000+ people across 13 countries in Europe, Asia and North America. Corporate headquarters is based in Hokksund, Norway.
