Manufacturer:

Noratel Denmark A/S

Address:

Naverland 15, DK-2600 Glostrup

■ ■ ■ ■ ■
ISO 9001 Certified

herewith declares that:

Type of equipment:

1-Phase; Safety Isolating Transformers, <600VAC at primary and <50VAC at secondary max. 5000VA

1-Phase; Isolating Transformers, <600VAC at primary and <600VAC at secondary max. 5000VA

Type designation etc.:

RT 010-xxxxx to RT 5000-xxxxx or RTD 010-xxxxx to RTD 5000-xxxxx

or RTV 010-xxxxx to RTV 1000-xxxxx

Data:

- Ambient temp. 40°C / 50°C
- Cooling; AN
- Frequency; 50-60Hz
- IP00
- Ins. cl.; B
- Mobility; stationary

- is in conformity with the provisions of the following EC directive(s), including the latest amendments, and with national legislation implementing this/these directives:

1. Low Voltage Directive 2014/35/EU

2. EMC Directive 2014/30/EU

and that the following (parts/clauses of) harmonized standards have been applied:

1. EN 61558-1:2005+A1:2009 - General Requirements, EN 61558-2-4 - Isolating transformers, EN 61558-2-6 - Safety isolating transformers.

2. Electromagnetic compatibility acc. to the EMC directive

- the following (parts/clauses of) national and/or international technical standards / specifications and approvals have been applied:

The date of  - marking: **14.02.2002**

Place: **Glostrup**

Date: **10.09.2018**
